Vice President calls for creation of mining index on GSE, other West African Exchanges: The Vice President, Dr. Mahamudu Bawumia, has challenged mining companies operating in Ghana and the entire West African sub-region to work with Governments and regulatory bodies to establish a mining index on local Stock Exchanges to allow both the owners and investors in the minerals to benefit from its exploitation. The benefits of a mining index on the local bourse are enormous, enabling both the State, Mining Companies, beneficiary communities and investors to attract the necessary capital and built-in incentives for all involved, Dr. Mahamudu Bawumia indicated.
